Applying for Graduation
November 1, 2017

Steps to Graduation and Commencement

Provided are general steps for the graduation process. As of October 27th 2017, the commencement application is included as part of the graduation application. Commencement is still managed by the Commencement Committee. Any questions about commencement, tickets or regalia should be directed to dugrad@dom.edu

Graduate Student Graduation Process

Step 1: Declare Intent

Declaring intent is simply answering a question about the year and term you plan to graduate. You can answer the intent question using either of the following methods:

- Online intent question
- Paper registration intent question

Declaring intent is not required to be able to access the graduation application for graduate students. However, declaring intent is strongly recommended since detailed information about the graduation process and courtesy reminders to apply for graduation are sent based on intent. Students that register online will be required to answer the intent question if they wish to proceed with online registration.

Step 2: Apply for Graduation (most important step)

Graduate students typically have the ability to apply for graduation a full semester before the start of their final term. Please see the Graduation Information page for deadlines and details. Completion of the application triggers the Office of the Registrar to conduct a graduation audit.
Step 3: Receive Graduation Audit

If students apply for graduation by their deadline, they can expect their graduation audit to be completed by the add/drop deadline of their final term. Graduation audits are conducted to determine if it is possible for a student to complete all program requirements by the end of their final term (based on earned and currently enrolled coursework). If deficiencies are found that would make a student ineligible to graduate, a GD, GI or GT hold will be placed on the student’s account. Only students with deficiencies will be notified of audit results via Dominican email. If a student is on track to graduate, a “Prospective Graduate” (GX) hold will be placed on the student’s account.

Prospective Hold Definition

GX = Prospective Graduate (you are tentatively on track to graduate)
GD = Prospective Graduate/Deficient (a deficiency must be resolved to be eligible to graduate)
GI = Prospective Graduate/Incomplete (an incomplete must be resolved to be eligible to graduate)
GT = Transfer Transcript Graduation (official transfer credit is needed to be eligible to graduate)

All audited students will have a hold placed on their account (this applies to all prospective holds listed above). Once a prospective hold is placed on your account, all schedule changes must be completed using a paper add/drop form. We try to ensure the student does not make schedule changes that would affect their ability to graduate. We do not guarantee that we will catch everything, but we will try.
